Red alert 2 windows 10 steam

It is ridiculous that EA sells the game on origin and still can not work. I got both when it was given for free and then bought 17 c&amp;; (c) pack. it always says way cd. googled and the suggestions for compatibility mode with windows 7 (tried with all exes), install outside program files. uninstall/reinstall. did not help. I have cd code in the game properties. EDIT:Finally managed to run ra2 on windows 10 64k. here is how this only applies to the please insert CD problemPage 2 13 comments If you can not play any RA 2 multiplayer matches in a local network, check out this page on CnCNet. CnCNet provides a fresh multiplayer client for Red Alert 2 that you can download. Note that Red Alert 2 is not included in the cncNet client's multiplayer client download. Aside from the above resolutions, there are also many patches available that can fix Red Alert 2 issues. You can download official EA patches for Red Alert 2 from this page. Some of the resolutions in this post can also fix Red Alert 2 crashes. FAQs: Frequently asked questions about running Red Alert 2 on Windows 10 How do I fix Red Alert 2 resolution?
